Testimonials

BridgeCare has been a critical service. They have made our discharges easier than ever.

- Hospital Case Manager

With BridgeCare overseeing, we can start working with patients right away. We don't need to wait anymore.

- Home Health Nurse

BridgeCare has helped almost double the referrals we accept and we can count on them to always sign their orders.

-Admissions Coordinator

About Us

BridgeCare Specialists is a virtual post-discharge clinic committed to providing specialized care for up to 60 days, all within the comfort of a patient's home. Our dedicated team ensures a seamless transition from inpatient to outpatient care by harnessing the expertise of physicians skilled in both realms.

What sets us apart is our unique ability to identify and address care gaps. This allows us to offer tailored services that optimize patient outcomes. From the moment a patient onboards with us, our dedicated support continues until they establish a connection with your primary care physician. The result? An exceptional re-admission rate of under 2%.

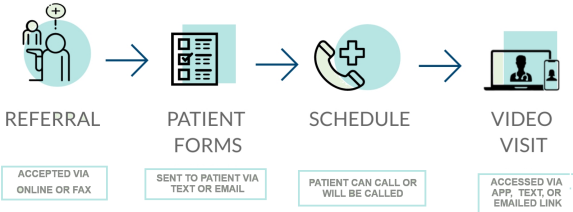

BridgeCare's Re-Admission Rate
